

# Germantown Fire Department

## Monthly Report

JULY 2019

Respectfully Submitted

John Delain

Fire Chief

# Response Village-Wide

## Operational Performance Measure:

To measure the Response Times of first arriving unit according to NFPA 1710. The standard also requires the arrival of an Effective Fire Force (EFF). At this time, we are only tracking the arrival of the first Fire or EMS unit and not the EFF.

## GFD Strategic Priorities:

Provide Quality Emergency Services

## Performance Target:

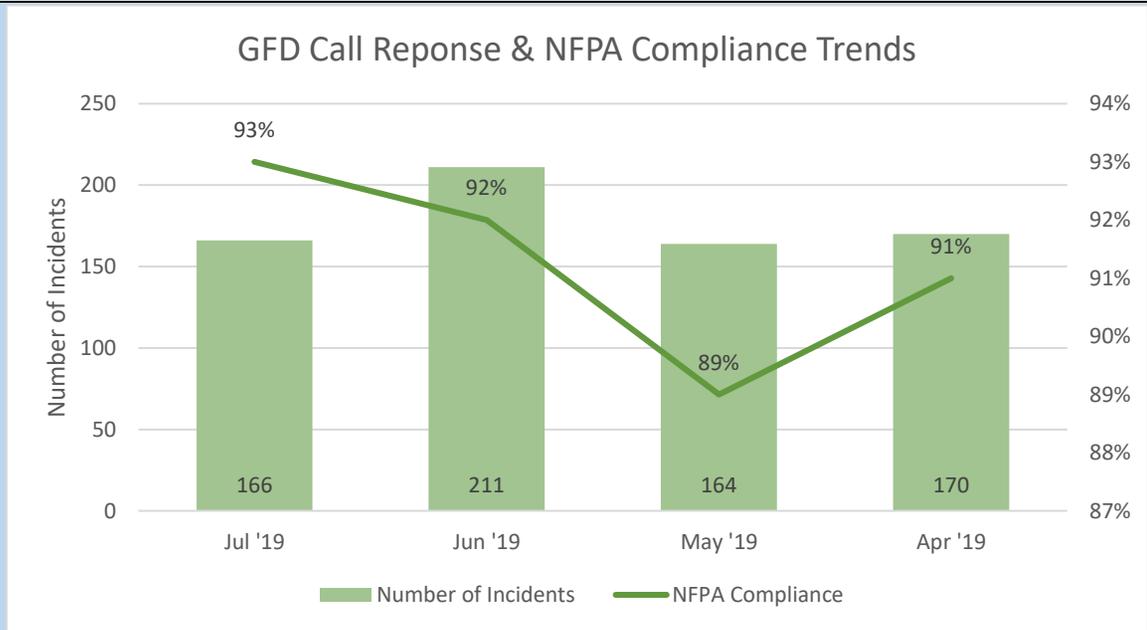

Arrival of crews within 8 minutes according to NFPA 1710 standard, and within 5:20 minutes per ISO Guidelines. (NFPA standard is 90%)

Current Report Period: July 2019

Data Source: ProPhoenix Software

### Rolling 4 Month Activity:

Reporting Period	Number of Incidents	NFPA Compliance
Jul '19	166	93%
Jun '19	211	92%
May '19	164	89%
Apr '19	170	91%

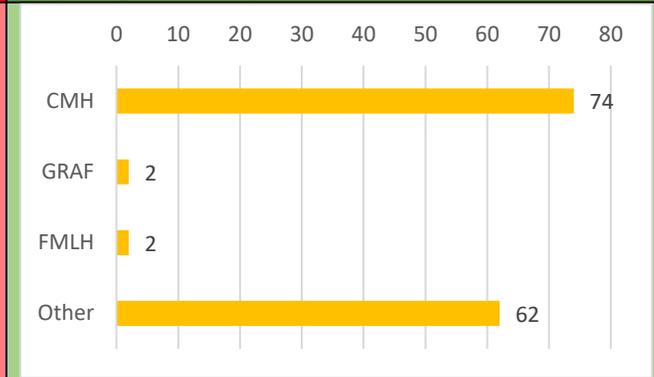

## Analysis:

The GFD is exceeding response time goals per the NFPA the majority of the time. We have examined the month-to-month trends and determined the issue for underperformance was due to ProPhoenix software issues. This has been addressed with ProPhoenix.

## Goals:

Increase towards compliance in comparison to previous months.

## July Hospital Transports = 140

## Community Risk Reduction

**Operational Performance Measure:**  
Efficient Deployment of resources to support Community Risk Reduction initiatives.

**GFD Strategic Priorities:**  
Provide Quality Emergency Services

**Performance Target:**  
Risks in the community are minimized through a proactive Community Risk Reduction system.

**Current Report Period: July 2019**

### Rolling 4 Month Activity:

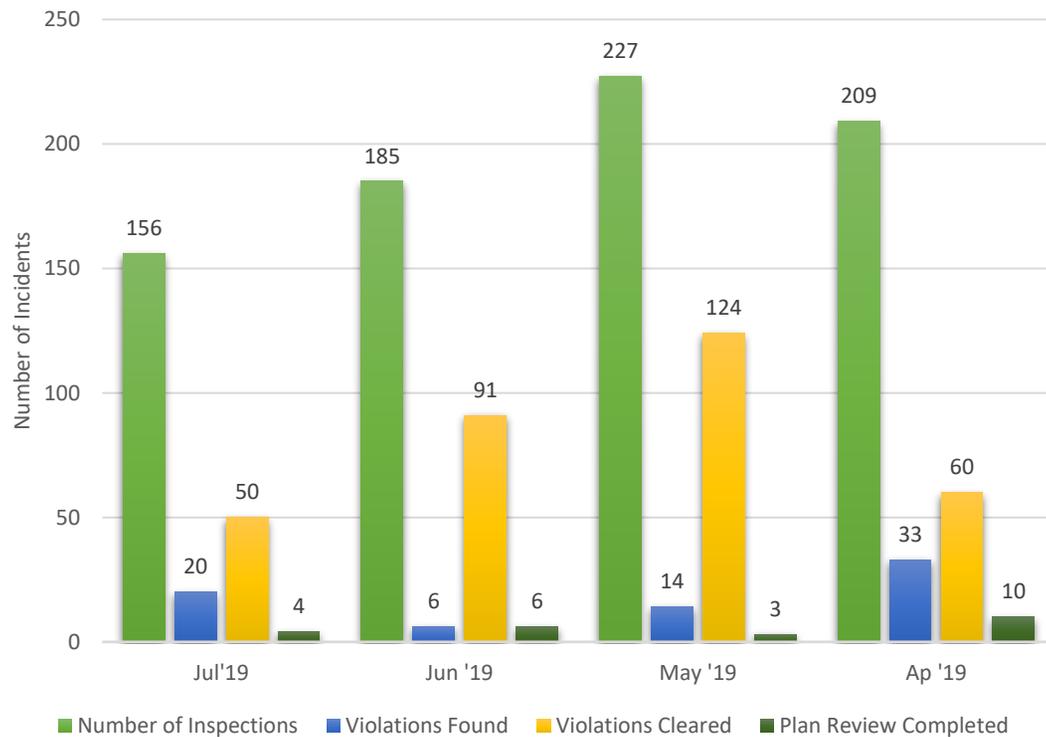

Reporting Period	#Inspections	#Cleared
Jul '19	156	50
Jun '19	185	91
May '19	227	124
Apr '19	209	60

### Analysis:

On average, we will need to complete 732 inspections every 6 months. Between the Fire Inspector and the On-Duty fire crew we are on track to meet that goal.

Due to emergency calls, completion of inspections in some months will be less but in the end we will meet our goal.
