Monthly Report

SEPTEMBER 2019

Respectfully Submitted

John Delain

Fire Chief

Response Village-Wide

Operational Performance Measure:

To measure the Response Times of first arriving unit according to NFPA 1710. The standard also requires the arrival of an Effective Fire Force (EFF). At this time, we are only tracking the arrival of the first Fire or EMS unit and not the EFF.

GFD Strategic Priorities:

Provide Quality Emergency Services

Performance Target:

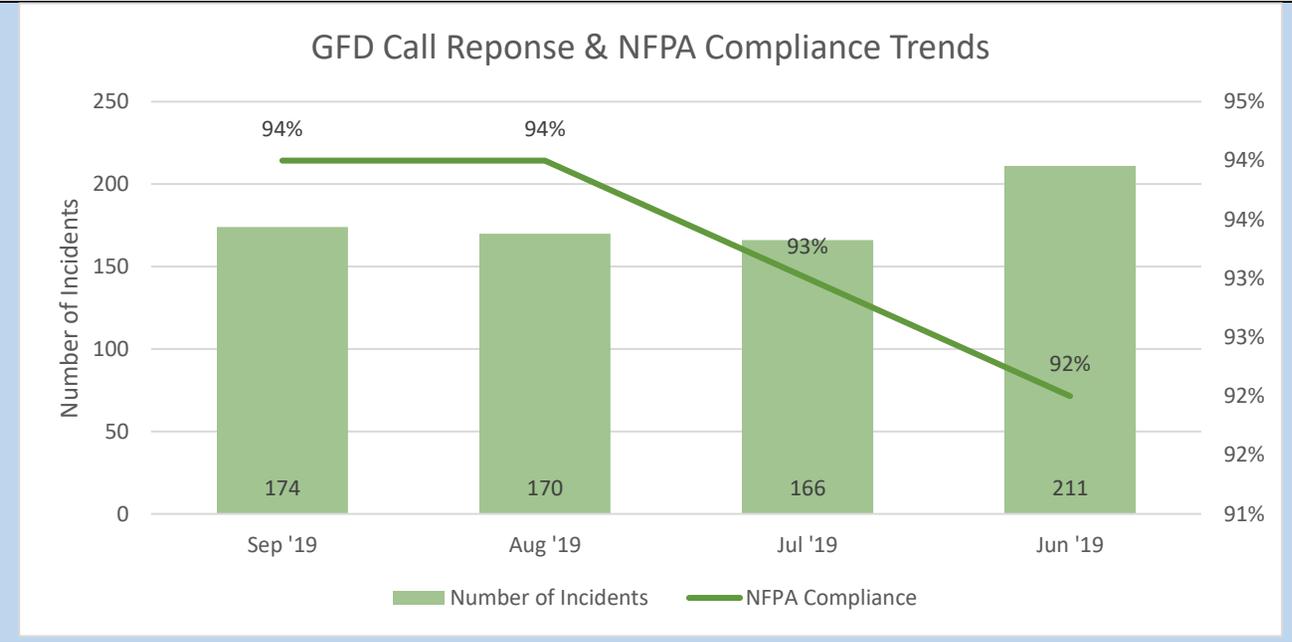

Arrival of crews within 8 minutes according to NFPA 1710 standard, and within 5:20 minutes per ISO Guidelines. (NFPA standard is 90%)

Current Report Period: **September 2019**

Data Source: ProPhoenix Software

Rolling 4 Month Activity:

Reporting Period	Number of Incidents	NFPA Compliance
Sep '19	174	94%
Aug '19	170	94%
Jul '19	166	93%
Jun '19	211	92%

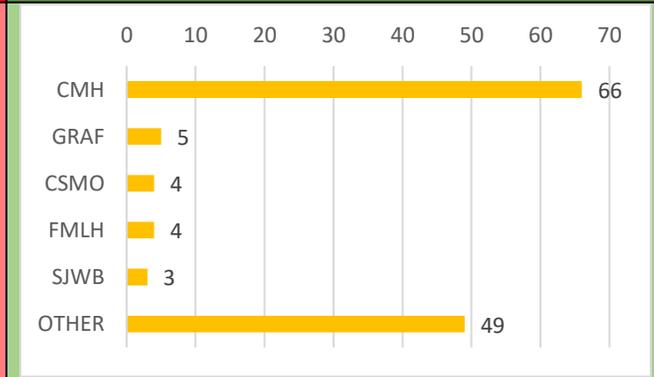

Analysis:

The GFD is exceeding response time goals per the NFPA the majority of the time. We have examined the month-to-month trends and determined the issue for underperformance was due to ProPhoenix software issues. This has been addressed with ProPhoenix.

Goals:

Increase towards compliance in comparison to previous months.

September Hospital Transports = 131

Community Risk Reduction

Operational Performance Measure:

Efficient Deployment of resources to support Community Risk Reduction initiatives.

GFD Strategic Priorities:

Provide Quality Emergency Services

Performance Target:

Risks in the community are minimized through a proactive Community Risk Reduction system.

Rolling 4 Month Activity:

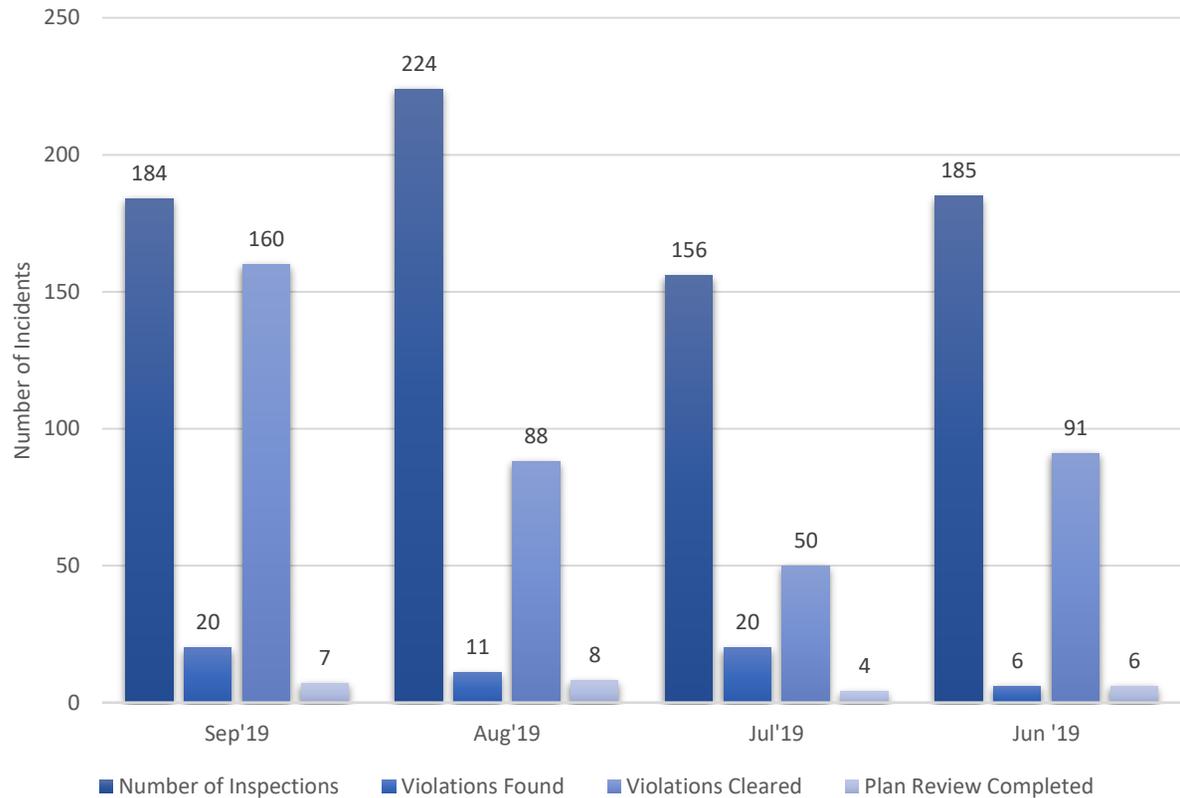

Reporting Period	#Inspections	#Cleared
Sep '19	184	160
Aug '19	224	88
Jul '19	156	50
Jun '19	185	91

Analysis:

On average, we will need to complete 732 inspections every 6 months. Between the Fire Inspector and the On-Duty fire crew we are on track to meet that goal.

Due to emergency calls, completion of inspections in some months will be less but in the end we will meet our goal.
