

Germantown Fire Department

Monthly Report

AUGUST 2021

Respectfully Submitted

John Delain

Fire Chief

Response Village-Wide

Operational Performance Measure:

To measure the Response Times of first arriving unit according to NFPA 1710. The standard also requires the arrival of an Effective Fire Force (EFF). At this time, we are only tracking the arrival of the first Fire or EMS unit and not the EFF.

GFD Strategic Priorities:
Provide Quality Emergency Services

Performance Target:

Arrival of crews within 8 minutes according to NFPA 1710 standard, and within 5:20 minutes per ISO Guidelines. (NFPA standard is 90%)

Current Report Period: August 2021

Data Source: ProPhoenix Software

Rolling 4 Month Activity:

Reporting Period	Number of Incidents	NFPA Compliance
Aug '21	250	88%
Jul '21	218	90%
Jun '21	195	89%
May '21	171	91%

Analysis:

The GFD is exceeding response time goals per the NFPA the majority of the time. We have examined the month-to-month trends and determined the issue for underperformance was due to ProPhoenix software issues. This has been addressed with ProPhoenix.

Goals:

Increase towards compliance in comparison to previous months.

August Hospital Transports = 179

Community Risk Reduction

Operational Performance Measure:
Efficient Deployment of resources to support Community Risk Reduction initiatives.

GFD Strategic Priorities:
Provide Quality Emergency Services

Performance Target:
Risks in the community are minimized through a proactive Community Risk Reduction system.

Current Report Period: August 2021

Data Source: ProPhoenix Software

Rolling 3 Month Activity:

Reporting Period	#Inspections	#Cleared
Aug '21	64	15
July '21	52	19
June '21	146	87

Analysis:

On average, we will need to complete 732 inspections every 6 months. Between the Fire Inspector and the On-Duty fire crew we are on track to meet that goal.

Due to emergency calls, completion of inspections in some months will be less but in the end we will meet our goal.

Inspection Data

Incident Trends

GFD Strategic Priorities:
Provide Quality Emergency Services

Current Report Period: Aug 2021

Data Source: ProPhoenix Software

	Aug-21
EMS call (non-MVA)	159
Alarm System Sounded, malfunction	18
Dispatched, canceled en route	17
MVA, with injuries	8
Arcing/shorted equip	6
Gas Leak	5
Building Fire	3

2021 YTD = 317
 2020 = 627
 2019 = 442
 2018 = 446
 2017 = 385
 2016 = 366

Analysis:

Incident Trends will feature the number of *Building Fire* incidents each month, the *Top (5) Incident Types* based on activity, and *Burn Permits Issued*.

Goals:

Feature monthly Incident Activity to represent GFD resource allocation and utilization.

Comments:

Patient Contact information is reflected in the graph "Hospital Transports" displayed earlier in this report.
